Department: Botany.

Organized activity: Eco-friendly Dassara

Date: October 11, 2024

Aims and Objectives:

Students will be aware of the importance of tradition and will learn about different ways to celebrate festivals in an eco-friendly way without damaging the environment.

Expenditure and funding agency: No

Brief Description.

The Department of Botany organized the eco-friendly Dasara on October 11, 2024, in the presence of Dr. R.P. Lokhande, the principal of the college (Mahavir Mahavidyalaya Kolhapur). The chief guest for the event was Dr. Preetam Shah, who is the director of Shri Acharyaratna Deshbhushan Shikshan prasarak Mandal. The presidential remark was given by Mohan Gargate. Secretariat of Institution.

Dasara is an Indian festival in which people share Bauhinia racemosa tree leaves, commonly known in Marathi as Aptyachi Paane (आपट्याची पाने). Due to this tradition, many trees were cut down every year. To prevent overexploitation of trees, an eco-friendly way to celebrate Dassara was started. Students of BSc I, II, and III years made the leaves of Bauhinia with the help of waste paper.

Outcome: In this way, they studied waste management and also the eco-friendly way to celebrate festivals.
